## The Missouri Commission Pays the Freight.

The Missouri World's Fair commission will pay express or freight charges upon all fruits which are to be exhibited by it at St. Louis. An interesting circular of information relative to the growth and preparation of fruit for exhibit has been issued by the commission through Superintendent L. A. Goodman. Fertilizers have been sent out to over 200 fruit growers and already fruit has begun to come in for preservation and storage. The commission has established four depots for the receipt of fruit: W. G. Gano, Seventh & Wyandotte streets, Kansas City; J. C. Whitten, Columbia; Missouri fruit experiment station, Mountain Grove; Powell Jackson, 712 North Main St., St. Louis. Paper wrappers and glass jars will be furnished to those having fruit for preservation. The commission will exhibit the fruit in the name of the grower and the award will go to him. All Missouri, however, will profit by the exhibition.

## A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 75 cents. At all druggists.

## The Oldest Clock in Missouri.

M. V. Pabor of Fredericktown owns a clock which was brought to Upper Louisiana from North Carolina in 1800 by George Frederick Bollinger, who afterwards was a member of the Missouri general assembly in 1812 and was the leader in bringing families from North Carolina to make the first permanent settlement in that part of Upper Louisiana which is now Southeast Missouri. Bollinger county was named for him. The old clock is 8 feet and 4 inches high. It will probably be secured by the Missouri World's Fair commission, through W. H. Moorehouse, for exhibition in the Missouri building.

## Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Bolusa, Calif., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by W. C. Gaston, druggist.

H. P. Mason, editor of the Fayette Democrat-Leader, has never been mistrusted heretofore, and the COURIER will now withhold sentence, merely giving the evidence, taken from the D.-L. as follows: "About two weeks ago the house cat at the editor's home increased her family to the extent of three kittens, in a hen-nest in the henhouse. Last Friday a Buff Rock hen got into that nest-box and hovered the kittens as she would little chicks, and all efforts to dissuade her from her unnatural 'mothership' have proved unavailing. She even drives the old cat away and when the kittens try to crawl from under her, she takes her beak and tucks them back under her as if they were eggs."

## Two Bushels of the Farm's Best Wheat.

As one of the great wheat states of the American union, it is expected that Missouri will make a fine exhibit of the grain at the world's fair. The crop now growing is the one from which the exhibit must be taken, as the fair will be open before another crop is grown. The Missouri World's Fair commission is desirous of securing from every exceptionally fine crop of wheat two bushels for exhibit purposes. The commission will clean and grade all wheat most carefully, pay all the expenses of transportation and preparation and will exhibit the wheat in the name of the grower.

## Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by O. B. Anderson's & Son.

Richard Green, a Glasgow negro sport, went to Louisiana and was winning all the money the Pike county negroes could put on the table until a row ensued and broke up the game. One of the Louisiana coons named Cazzelle flashed a knife and chased Green around several blocks, but the latter got hold of a revolver and "called" his pursuer. Several shots were fired but only one took effect—in the left arm. Green surrendered and is now eating Pike county jail grub.

## Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colds, Lagrippe, Bronchitis and all throat troubles. Price 50c and \$1. Trial bottles free at W. C. Gaston's drug store.

Another proof that there is profit in growing small fruit: R. E. Coleman, living near Shelbina, has a one-acre strawberry patch that yields 450 gallons of berries. He sold them at an average price of 37 cents a gallon, amounting to \$166.50. He says the entire cost of labor, etc., was only about \$50, leaving a net profit of \$116.50. This beats raising corn, oats, wheat or trouble.

## Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by O. B. Anderson & Son.

Editor Ruffel of the Glasgow Missourian boastingly says the picnic announced for that town to-morrow will be "the greatest picnic ever given." If it is not irreverent the COURIER will ask Bro. Ruffel to read about that great feast in the beginning when 5,000 hungry people were fed from one basket. He'll find it somewhere in the New Testament.

A Chillicothe man, just returned from a trip through Mrs. Governor Bailey's Sunflower state, tells this: He encountered a traveling man on a Southern Kansas train, who carried a jag. His load was just of the size to make him say everything with ponderous gravity, and he unloaded a good deal of "wet" philosophy. "There are people in this world," he solemnly declared, "who have never lived. They are born. They pass infancy. They arrive at man's estate. They die. They are buried. All this, and yet they have never lived." He paused a moment. Then he added, impressively: "They're Prohibitionists!"

## O. B. Anderson & Son Will Buy it Back

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. O. B. Anderson will refund your money if you are not satisfied after using it. Thomas E. Birch of Glasgow is a grandson of the Rev. Thos. Erskin Birch, a Virginia soldier of the revolutionary war. The elder Birch, after the government was established, moved to Kentucky and founded a college, where he educated the earlier Breckenridges and the late A. W. Doniphan of Missouri. Rev. Birch was also the author of that famous school-boy oration, "You'd scarce expect one of my age," &c. Mrs. Dudley, residing in Chicago, is a daughter of Rev. Birch, and is the only living daughter of the revolution.

Kindly take notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 56 Warren Street, New York.

My! but those Howard county women are industrious. One of the linemen, while inspecting a certain telephone line in that county last week, entered the house of a subscriber and found a woman sitting in a rocking-chair knitting with her telephone receiver tied to her ear. She was listening to every conversation that passed over the wire, but didn't neglect her knitting.
